**2017 PEAK Award Honouree**

**Jodi Moss – Rising Star**

*presented by*

**mcmillan**

The Association of Women in Finance is proud to honour Jodi Moss with the 2017 PEAK Award in the Rising Star category.

Jodi is a US Tax Partner at KPMG LLP where she's worked for more than nine years providing cross-border and US tax advisory services. She services public and private companies with US operations in a wide variety of industries and works collaboratively with her clients to strategically minimize their US federal and state income tax exposures associated with their US operations. Since becoming a partner at KPMG in October 2016, Jodi's impact within KPMG, the tax field, and her community continues to grow. Jodi has significantly improved her clients' global cash flows by implementing, for example, tax-efficient financing, acquisition structuring, and insurance arrangements. But it's Jodi's ability to connect with people that truly sets her apart. Her sincerity, charisma and obvious willingness to help make Jodi a "go to" person for some of Vancouver's largest public companies and now a first-point-of-contact for several of KPMG's most significant clients.

Jodi is strongly committed to elevating the profile of women in her industry. She is actively involved in KPMG's Women in Line for Leadership program, where she supports high-potential female senior managers to become partner-ready candidates. In addition, as a mother of two who has experienced two maternity leaves, Jodi is particularly passionate about participating in another important KPMG program that helps women across Canada transition to and from maternity leave. She is a highly sought-after advisor for expecting and returning mothers on how they can best manage these life-changing events. Jodi is an excellent role model for, and promoter of, women.

Jodi's passion for making a difference is felt in her community as well. In her 10 years on the board of the Crisis Intervention and Suicide Prevention Centre of BC, Jodi has held several executive positions and has contributed immensely to the organization's development and strategic planning. Her strong financial acumen led the organization through tough financial challenges. Jodi's desire to help others has also inspired her to volunteer internationally in Africa and Central America.

Please join us in celebrating Jodi's accomplishments at the PEAK Awards Gala on May 10, 2017. Congratulations, Jodi!
